Freehand Mail Tabber

The Freehand Mail Tabber

The Freehand Mail Tabber gives offices and small businesses the tabbing technology used by the big guys -in a smaller package. This machine is derived from industry leading **ACCUFEST** mail processing machines. It uses similar feeding, transport and tabbing mechanisms, but these systems are packaged in a more compact way.

Precision, reliability and performance have long been ACCUFEST characteristics, now the Freehand Mail Tabber extends these virtues to another brand.

The FREEHAND Mail Tabber

- tabs up to 12,500 pieces per hour
- tabs pieces 5" to 12" wide, from 20 lb. thin to 1/8" thick, coated and uncoated
- runs 1" paper circle tabs on rolls with tractor holes - like TRACTORTABS
- tight, secure, adjustable tab folds
- easy to setup and run out of the box
- built-in waste take-up spool and counter
- built-in high capacity run-most-anything feeder
- optional catch tray or conveyor
- next to no maintenance required
- from the makers of ACCUFAST mailing equipment
- weighs 56 pounds, measures 11"l x 19"h x 23"w
- its outstanding feature is a super simple tractor feed system that lets absolutely anyone tab without training
